

## 2018 NHIA Youth Arts Summer Sessions YASS! REGISTRATION PACKET

NHIA Youth Arts Summer Sessions (YASS) are designed to support young artists, creatives, writers, actors, makers and DIYers (ages 13-18) build their artistic practice and individual style while offering exposure to new concepts, materials and techniques. All ARTLABs consist of artistic skill building studios (areas of focus) in the morning and collaborative projects in the afternoons. Each session runs Monday through Friday from 9am to 4pm with an optional breakfast starting at 8:30am and open studio time available until 5:00pm.

This is the perfect opportunity for creatives of all levels to have a summer filled with fun, engaging programming designed to push their artistic boundaries, meet other teens, gain experience in different mediums and be challenged through creative experimentation. Each ARTLAB Summer Intensive ends with a reception for young artists to showcase their work to family, friends and the public.

### NHIA YASS Descriptions:

#### July 16 – July 20, ARTLAB: Painting and Photography Mash-up

**Areas of focus: watercolor, acrylic, collage, digital and film photography, Adobe Photoshop**

#### **Workshops in digital illustration and digital painting**

Advance your painting and photography skills by learning exciting ways to merge the two mediums together. Painting studios will offer both indoor and outdoor explorations in landscape and portraiture, focusing on brush technique, layering and color relationships. Photography studios will include lessons in camera functions, composition, working with light, and approaches to subject matter. All students will come together in the afternoon to experiment digitally and traditionally, emphasizing the blending of the two practices together for a completely unique mash-up. Supplies and cameras are provided.

#### July 23 – July 27, ARTLAB: Art & Civic Engagement

**Areas of focus: drawing, painting, screen printing, printmaking, and sculpture**

Learn how your art can be a catalyst for change. Students will work with several artist-educators who will share examples of how they used their art to speak up about social causes and guide students on how they can do the same. Students will not only deepen their practice as an artist but also strengthen their communication skills to make informed, purposeful statements through their art. This ARTLAB will culminate in a collaborative, large scale, interactive installation that will focus on a cause of importance to the students.

#### July 29 – August 3, ARTLAB: From Scratch

**Areas of focus: theatre, improvisation, sculpture, storytelling and book arts**

From Scratch is an invitation to take your love for sculpture and stories and mash it up into an exciting art event -- a performative installation based on student proposed and developed themes. Utilizing theatre making, sculpture, and book arts techniques, students will work boldly and collaboratively in a refreshing new direction. This session will culminate in a final interactive performance.

#### August 6 – August 10, ARTLAB: Fashion with (re)Purpose

**Areas of focus: screen printing, printmaking, recycled and upcycled fashion design**

Learn how to alter and design pre-existing clothing into something new and fresh! Students will experiment with found materials, objects and reclaimed fabrics to reimagine garments. Learn basic hand stitching and machine sewing techniques, fastenings, fabric dying, embellishment and screen printing. Be prepared to walk away with a new understanding of repurposed, sustainable clothing along with your own custom made wearable designs! Session will end with an interactive pop-up fashion event.
